RESPONSE TO OFFICE ACTION

Commissioner of Patents and Trademarks
Washington, DC 20231

Dear Sir:

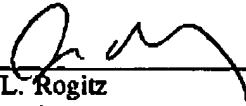

The Office Action dated January 25, 2006 is defective and must be clarified. For example, paragraph (4) rejects certain claims as being anticipated by "Thomsen et al., US Pub No. 2003/0192050", but the publication number does not match the name. It appears to be the publication number of another reference used later in the Office Action. Applicant attempted to decode which reference was being relied on by reviewing a reference of record to "Tomsen et al." (no "h") but the cited paragraph numbers did not seem to make sense, e.g., paragraphs 24-31 of "Thomsen et al." have been relied on when all these are in Tomsen et al. are brief descriptions of the drawings. Clarification is required. Additionally, a thorough review of the Office Action is requested to ensure that no further ambiguities exist in the remaining rejections.
